## ABOUT US

Casa Piu is known as one of the biggest importers of sanitary ware, tiles, and kitchens. It is one of the most successful companies in the gulf region. Casa Piu has been the leader in the world of building materials where the company has been a supplier for numerous projects such as hotels, commercial complexes, towers, palaces and villas with every need they stand for. In recognition of our Quality management procedures in our activity, we have been certified and awarded ISO 9001:2008 in the year of 2015.

The flexible and multi-sided strategy that we adopted has assisted us. This has awarded us excellence and leadership in the field of sanitary ware, tiles, and kitchens.

In our capacity as pioneers in our field we ultimately managed to gain customer satisfaction on both quality and price as we have availed quality international trade marks products at suitable prices. We have also opened the most spacious showrooms in Saudi Arabia and the United Arab Emirates whereby our customers have been able to have an overall image as to how their houses and places of residence would look like in terms of quality and splendor.

In our bid to strengthen our already strong position in the market we have exerted every effort to set standards for every facet of our work in addition to adaptation of an after sale service program as well as presenting the designs to ensure that best services that guarantees satisfaction of our customers are rendered.

## IDEA

THROUGH THE MODERN TECHNOLOGY THAT CAPTURES THE ELEMENT OF BEAUTY IN THE NATURE COMES THE MOST AESTHETICALLY PLEASING NATURAL PHENOMENA EVERYTIME YOU VISIT THE BATHROOM.

White ion system gives way to revolutionary way of extolling benefits from the vital element of water while bathing. To wondrous effect, it generates micro nano bubbles into the hot or warm temperature water and turns colorless water to silky white ion bath. Not only can it produce visual qualities in many ways, it mimics natural phenomena intrinsically belonging to the genuine onze water only.

## Made of Stone®

The core material is consisted of marble, resin and polymer with the use of high technology invention from Germany in the manufacturing process. These materials are produced under vacuum thereby eliminating all trapped air making them non porous and thus absorbing much less water than their natural counterpart.

### High-end Performance

KASCH hybrid uniquely combines high-end performance with industry leading energy efficiency.

### Noiseless

KASCH hybrid has the quietest bath pump on the market, making it perfect for use in homes, hotels, or any noise-sensitive areas.

### Safety

KASCH hybrid is safe and reliable, and its internal sensor automatically shuts off the pump in the absence of water.

### Warmer Longer

Because it continuously pumps heat into the water, KASCH hybrid extends KASCH hybrid keeps bath water warmer longer.
